

ACUN

BOYA

Acun Paint;

ACUN PAINT, one of the leading innovative companies in its region, has been providing quality products to the construction paint sector since 2000, coloring the walls of our customers' homes and adding color to their imaginations with artistic paints.

With new investments in this field every day, expanding its product range and aiming to be number one in its region in the race to the top, ACUN PAINT promises to be a colorful manufacturer by reflecting dreams on walls.

ACUN PAINT, the company with the most innovative product range in our region's paint sector, produces paints, complementary materials, and varnishes for interior and exterior facades.

All products in the ALPER ACUN – ALP-ER INTERIOR AND EXTERIOR PAINTS facilities are produced in accordance with European Union production and quality standards, and as it has been until now, it is our fundamental principle to continue developing our environmentally friendly features and environmental standards in cooperation with official authorities, relevant organizations, and our suppliers in our environmentally friendly products and services.

ACUN BOYA has a strong structure where management and employees take ownership of the company, instill high motivation in their team, and focus on further growth and sector leadership in the region with every employee.

The most important feature that differentiates ACUN BOYA is its team spirit, which "develops the sector and believes in its goal."

Our production facility consists of 2,000 m2 of area, with 1,300 m2 of covered space. We have a monthly paint production capacity of 875 tons and an annual capacity of 10,500 tons.

Our Products;

WATER-BASED INTERIOR PAINTS

--DIAMOND -SEMI-MATT -SILK MATT -SOFT MATT -SILICONE PLASTIC -PLASTIC PAINT--

A HIGH-COVERAGE, WATER-BASED, SLIM-ABLE FINISH PAINT

AN AESTHETIC FINISH PAINT TYPE DEVELOPED FOR YOUR LIVING SPACES THAT ALLOWS THE SURFACES IT IS APPLIED TO TO BREATHE.

--CEILING PLASTIC--

A SPECIAL TYPE OF PAINT THAT HIDES SURFACE IMPERFECTIONS WITH ITS MATTE FINISH, IS BREATHABLE, AND IS EASY TO APPLY, GIVING CEILINGS A CLEAN TEXTURE.

--BINDER--

A SURFACE PREPARATOR THAT STRENGTHENS THE SURFACE, INCREASES THE ADHESION STRENGTH OF THE PAINT, AND REDUCES PAINT CONSUMPTION.

--PUTTY--

A high-adhesion filler material that creates a thin and smooth texture that fills cracks on the surface, providing a paint-ready, flawless base.

--CONVERSION PRIMER--

A type of primer that makes old solvent-based surfaces suitable for water-based paint, providing superior adhesion and durability.

Our Products;

DECORATIVE PAINTS

--SEDEF PAINT - SANDY SEDEF - OTTO CENTO - GOLD LEAF PAINT - CONCRETE EFFECT--

THESE ARE EASY-TO-APPLY AND HIGH-QUALITY PAINT VARIETIES THAT ADD A MODERN TEXTURE AND RICH VISUAL DEPTH TO YOUR WALLS, AND CREATE A UNIQUE AESTHETIC TO SPACES WITH THEIR LIGHT-CHANGING EFFECTS.

WATER-BASED EXTERIOR PAINTS

--GLOSSY-SEMI-MATTE-SOFT MATTE-SILICONE MATTE--

THESE ARE TYPES OF PAINT THAT SHOW SUPERIOR RESISTANCE TO HARSH WEATHER CONDITIONS, PROTECT BUILDINGS AGAINST EXTERNAL FACTORS, AND PROVIDE LONG-LASTING PROTECTION WITH HIGH COLOR STABILITY AND BREATHABILITY.

--INNER AND OUTER LINING--

A multipurpose interior and exterior primer that cleans dust, dirt and adherence to surfaces, balancing their absorbency, and reducing paint consumption.

--ADD PATTERN--

IT IS A TYPE OF DECORATIVE EXTERIOR FACADE CLADDING THAT HIDES SURFACE DEFECTS AND PROVIDES A TEXTURED AND DURABLE APPEARANCE TO THE AREA WHERE IT IS APPLIED.

--EXPOSED CONCRETE PRIMER--

--ROAD LINE PAINT--

IT IS AN ENVIRONMENTALLY FRIENDLY PAINT TYPE DEVELOPED FOR TRAFFIC SIGNS, WITH HIGH ABRASION RESISTANCE, FAST DRYING, AND A STRONG BOND TO THE SURFACE.

Our Products;

WATER-BASED EXTERIOR PAINTS

--METAL PROFILE PAINT--

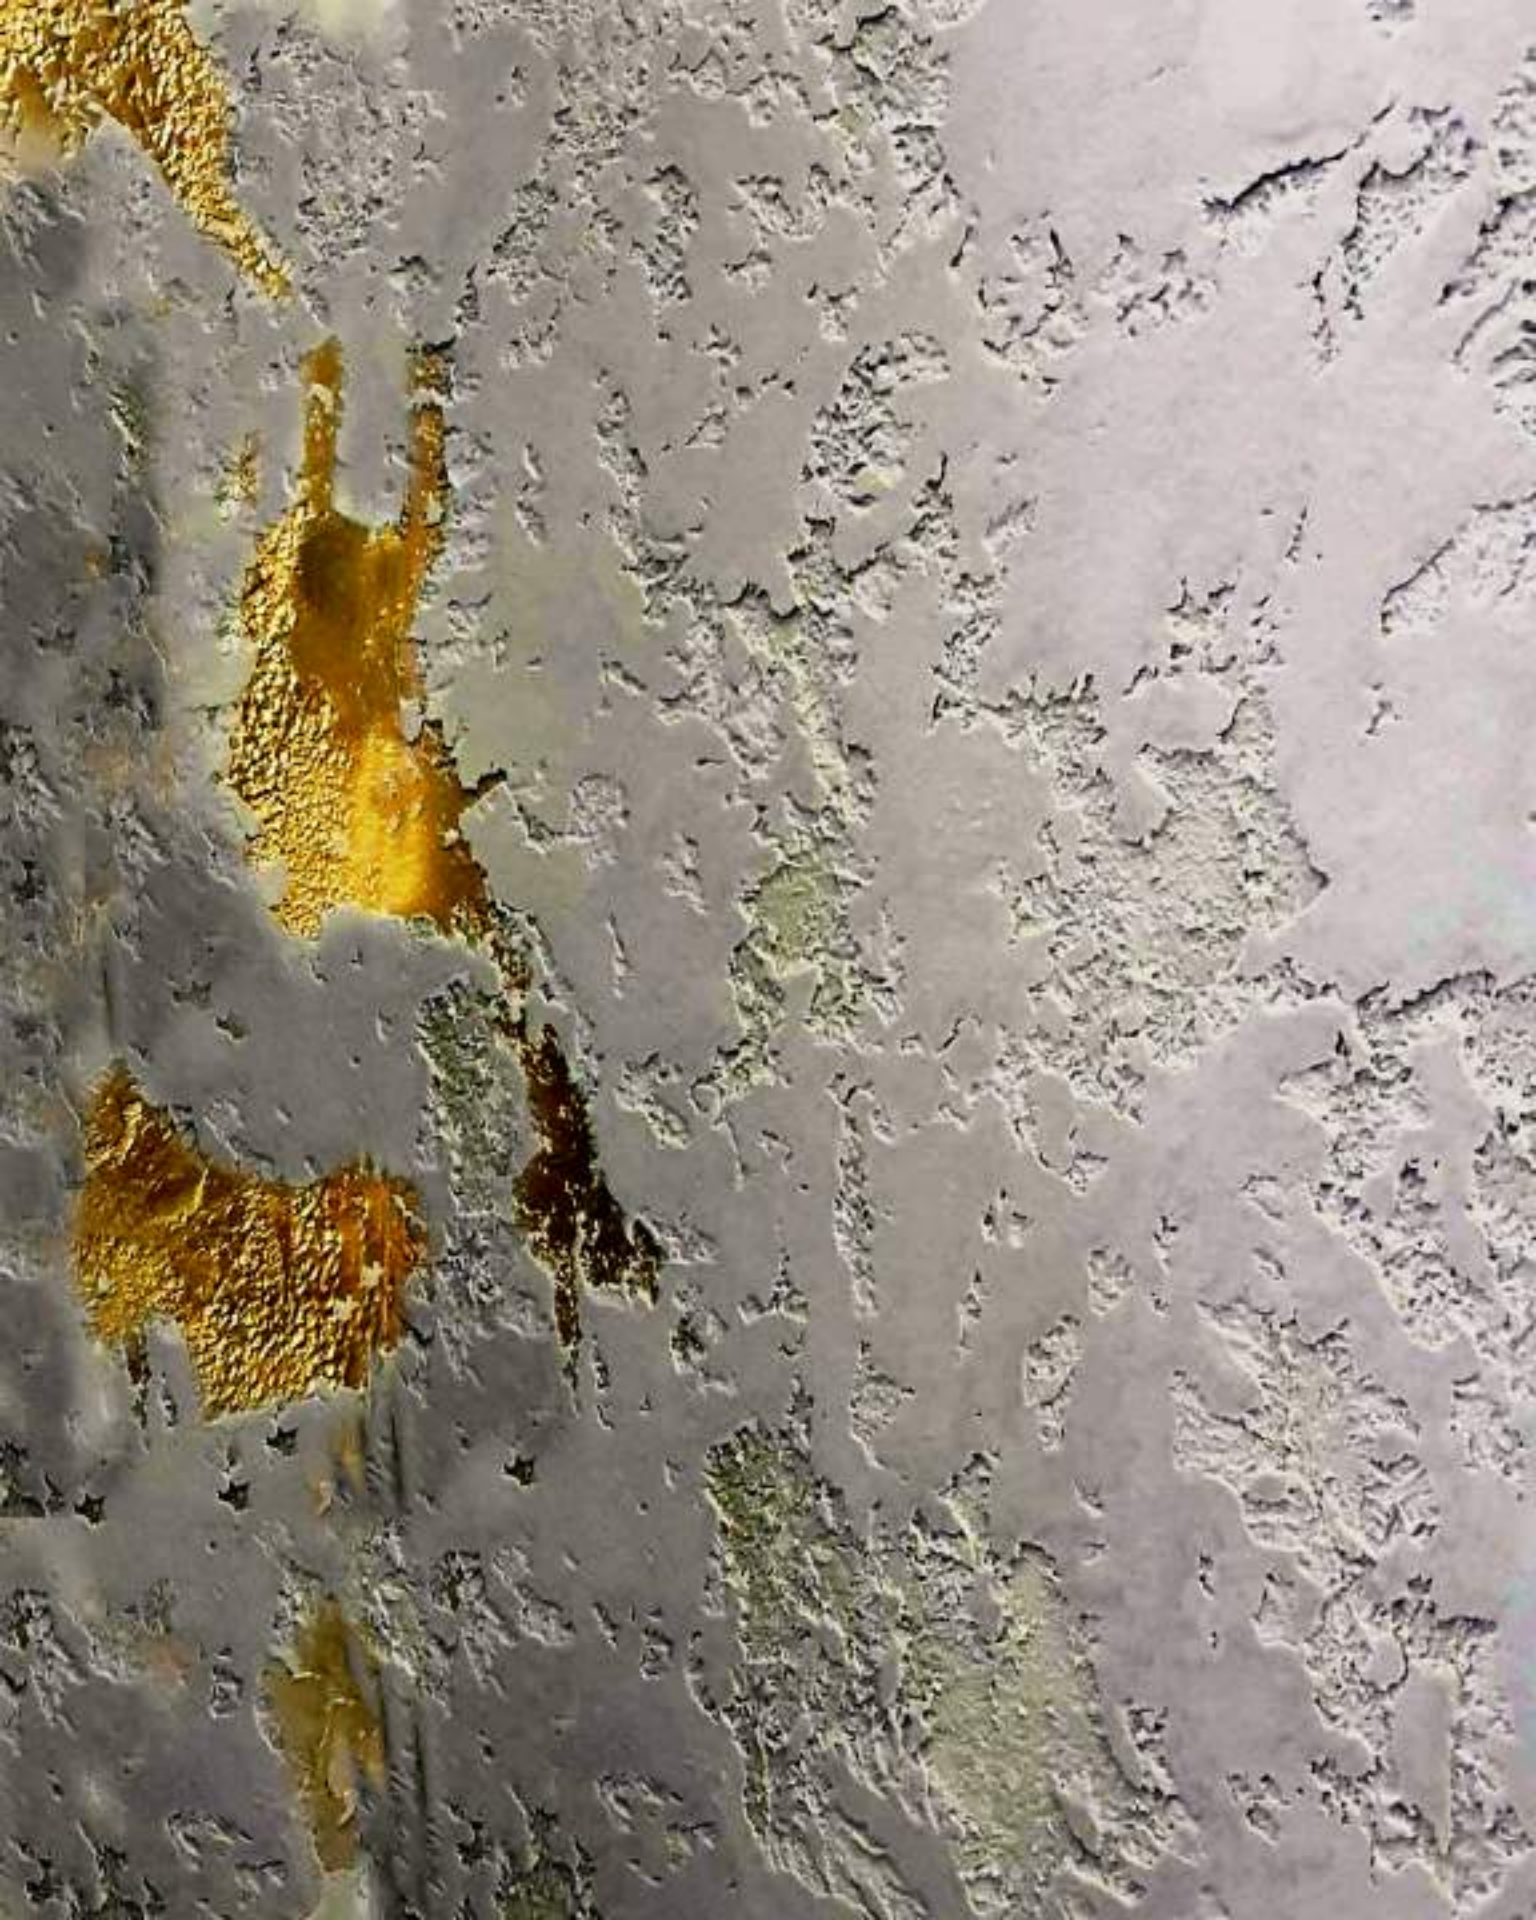

--WATER-PROOF--

This is a special insulation paint with high elasticity that prevents water penetration, creating a waterproof film layer where applied, and preventing leaks.
